

# The Logic Model: Establishing Alignment and Consistency

## VISION

### STEP #2

Develop a short statement describing the ideal or dream community, environment, or situation when the outcomes and impact have been achieved and the problem or concern ceases to exist.

## VALUES

### STEP #4

➤ List the most important values to be demonstrated and promoted during the activities.

## MISSION

### STEP #11

Create a short statement summarizing what is going to be done and why to achieve the vision while demonstrating and promoting the values. The statement should be concrete; action-oriented; concise; outcome-oriented; and inclusive.
